

112, Under Pressure

[spoken]

Hey guys?

Yo what's up y'all?

Hey why don't we do something for the jeeps you know?

Yeah that's cool, like what though?

Like some harmony over the hip hop tracks?

Yeah, I'm with it, I'm with it

Here check this out

Wait a minute, wait a minute, (clears throat) Now!

There's a girl I know who looks so fine, she really turns me on

My friends said I should, but it's taken me too long

Every time I get the nerve to call, she is never home

I leave another message and I sit here all alone, she's got me

[Chorus:]

Under pressure,

And the feelin' she's giving me

Under pressure

Just pay attention to me baby

So I got a chance to talk to her to see just where we stand

If she felt the same about me, could I be her only man?

I tried to let it out, we could have some fun

But before I got an answer she said she had to run, it's got me

[Chorus]
