

# 112, We Goin' Be Alright

I would walk, I would walk, I would walk  
A thousand miles, if I knew that you  
Would be waiting on the other side  
I would climb, I would climb, I would climb  
The highest mountain,  
If you would fulfil the promise to be mine oh mine  
I would swim, the seven seas  
If we could sit down and talk about us  
And agree to agree  
I would walk without water  
Across the desert sand  
To here you say you're ready to be in love again  
People are talking, trying to pull us apart  
They can't see the love in our hearts  
Girl I care about you and you care about me  
And if we believe in each other  
We goin' be alright, yes we will  
We goin' be alright, alright  
We goin' be alright, yes we will  
If we believe in each other  
We goin' be alright, alright!
