Yello, Swing

The one desire is to dance the swing
Could catch it all night long
And when I'm riding on that wing
And just for you I'm in the swing

And when I'm riding on that wing
My heart does start to sing

Fu:r dich allein tanz' ich den swing [u: is a deutsche y]
Ich hoff' du bleibst noch hier
Vielleicht geh' ich nach zu dir hin
Und dann tanzst du mit mir

And when I'm dancing
I've got to give it all
Cause it's the only thing
And when I'm waiting
Until last call
I do it for the swing

And when I'm riding on that wing
My heart does start to sing

And when I'm riding on that wing
My heart does start to sing
