A Life Once Lost, All Teeth

A Life Once Lost
Iron Gag
All Teeth
I think it would be amusing to sit here and write up a list
Just a list that describes the way I want to destroy myself
Not a simple suicide
But a drawn out process of pain
This was all created in my head
And can't I stop thinking it

I am taunted by the ignorance between us
I am taunted by the wraith I feel within us

Solitude
Devastates me
Company
Oppresses me

So imagine what you would find on this list that I have created
A few hundred ways of self-mutilating pain caused by injustice

I am taunted by the ignorance between us
I am taunted by the wraith I feel within us

Solitude
Devastates me
Company
Oppresses me

I am taunted by the ignorance between us
I am taunted by the wraith I feel within us

Solitude
Devastates me
Company
Oppresses me

People
Derail my thoughts

I feel sick again
I feel sick again
I feel sick again
