Crossbreed, Breathe

my last chance at sex was simple enough where i could breathe
why can't everything just be a certain way to let me see
common sense would tell me that the cancer's eating right through me
failed tests would tell me that my life's in jeopardy

so why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe one more time

my last chance at life was spent trying to burn the world with you
i guess it's easier with three people trying to kill me

so why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why can't i breathe
why why can't i breathe
why why can't i breathe
why why can't i breathe one more time

so i can breathe again
so i can breathe again
so i can breathe again
so why can't i breathe
just breathe
just breathe
just breathe
just breathe
just breathe
just breathe
just breathe
just breathe one more time

fallen down so low it burns me
it's time to change the scene
faith is one way to relieve me
you built this up so help me breathe

so i can breathe again
so i can breathe again
so i can breathe again
so why can't i breathe
just breathe
just breathe
just breathe
just breathe
why can't i breathe
why can't i breathe
why can't i breathe one more time

paralyzed i can't breathe
paralyzed i can't breathe
paralyzed i can't breathe
i can't breathe

why can't i just breathe
(why can't i breathe?)
just breathe (why can't i breathe?)

just breathe (why can't i breathe?)
just breathe (why can't i breathe?)
just breathe (why can't i breathe?)
just breathe (why can't i breathe?)
just breathe (why can't i breathe?)
just breathe (why can't i breathe?)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe? (just breathe)
why can't i breathe one more time?
