Brother Cane, How Long

I'll set out one day
Maybe you will follow
Come what may,
oh, a glass of fear to swallow
Got to get it over
If black and white were blind like in a dream
In a million years, maybe
Maybe we'll never know, no never
I want a chance to love whatever.....

CHORUS:
(How Long.....)
(Tell me How Long.....)
There's anger and bitterness here
-Can you tell me How Long?
How Long my brother.....Can we turn away?

No empathy

Like I'm supposed to feel some
Through misery
-Shut my eyes like the next one
Never find a resolution
Look for satisfaction
Only see the lines that hide my face
Locking the doors in fear together

(Repeat Chorus)
Holding the pain inside forever

(How Long.....)
(Tell me How Long.....)
-Can you tell me How LongHow Long my brother.....Can we turn away?
How can we see our way clear
