Acel Bisa, Jay

His name is Jay
The cool guy with a pony tail
And he's on his way
To the stage and as his band plays
The songs that can make them laugh
But sometimes it makes him sad
His name is Jay
And sometimes he walks away
To things that he knows is the right way
He wants to live a life without compromising
And start to live a day with the sun shining
Be still...
Jay I just don't know what to say
I just want to hold you
You're my friend and I am here to stay
Now he's on his way
To look for someone to call his own
Why not look to the one
Who can fill your soul?
End up asking where to go...
Be still...
Jay I just don't know what to say
I just want to hold you
You're my friend and I am here to stay
And as the sun shines on your face
Deep inside your soul
The light starts to glow
You'll be a hero... you know
And that is what he wants you to be
It's a new day for you Jay!
It's a new day... a new day...
For you... Jay
