Admiral Freebee, Waiting For Nothing

Nothing will ever be the same
Since the day you've gone astray
Sun wheel sits mercy high
Makes you feel like you're fading

I feel like I'm waiting
Without wanting
Just waiting
For nothing

Yeah yeah yeah
I'm waiting for nothing

And I thought you were a good one
And I thought we were celebrating

It feels like I'm waiting
Without wanting
Just waiting
For nothing

Yeah yeah yeah

And I'm so very sorry
Baby, I'm so very sorry
Very sorry
For what I've done

Yeah yeah yeah
For what I've done
Yeah yeah yeah

I feel like I'm waiting
Without wanting
Just waiting
For nothing

Yeah yeah yeah

Yeah yeah yeah
I'm waiting for nothing
Yeah yeah yeah
I'm waiting for nothing
