Alabama, Lovin' You is Killin' Me

You go out on the town feelin' alright
Leavin' me here alone, you're stayin' all night
You're good to me do somethin' sweet
Tonight you're back out on the street
Lovin' you the way I do is killin' me
You're good to me do somethin' sweet
Tonight you're back out on the street
Lovin' you the way I do is killin' me
I don't blame you for havin' fun
As long as I'm your only one
So go on out, have a time, have a good time
Don't forget if he asks, you're still mine
You're tellin' me the same old lies
And I don't need your alibis
Lovin' you the way I do is killin' me
Lovin' you the way I do is killin' me
Lovin' you the way I do is killin' me
