Donell Jones, Waiting On You

(Chorus)
Waiting on you
I'm not going to
I won't be waiting on you no more
Waiting on you
I'm not going to
I won't be waiting on you no more

(Verse 1)
I know you're getting tired
Of what I put you through
But it's not the same way
That's what I used to do
Now I want you back
So, girl, I've changed my ways
Please stop frontin' on me
Why you wanna do me this way

(Hook)
I can take it Oh..., yeah
I can fake it I won't be playin' no more

(Chorus)

(Verse 2)
Why can't you just believe
That things are different now
I'll do whatever it takes
Let me show you how
There will never be
No other girl for me
Just give me one more chance
You know I'll make it last

(Hook)
I can't take it Oh..., yeah
I can't fake it And I won't be playin' no games

(Chorus)

Break it down...

Why do you wanna do this to me
Oh, oh..., yeah, yeah, yeah...

Ain't gonna wait, ain't gonna wait, waiting for you
Ain't gonna wait, ain't gonna wait, waiting for you
Ain't gonna wait, ain't gonna wait, waiting for you
Ain't gonna wait, ain't gonna wait, waiting for you

(Chorus/Vamp Out)
