Allstars, Greatest Love Story

We got the greatest love story
Yeah Yeah
Lets make a movie
Lets make the greatest love story baby
If I could be, a better man
Hold all the wisdom
of all the world in my hand
Would you know me
I'd be a king among men
Would you know me and
would you call me your friend
Chorus
I'm secretly in love with you
got a crush on you
We ought to be together
Lets make a movie
Lets make the greatest love story baby
(shoop be do ah, shoop be do ah)
Lets make a movie
Lets make the greatest love story baby
If I could see, all there is to see
If I could live as long and be as strong
as the old oak tree.
Would you know me
I'd be a king among men
Would you think more of me
and would you call me your friend
Repeat chorus
(shoop be do ah, shoop be do ah)
Lets make the greatest love story baby
If I could weather every storm
If I could build the greatest temple
stone by stone
Would you know me
I'd be a king among men
Would you know me
I wish this dream would never end
Repeat Chorus
I'm waiting baby here alone
Just call on me and we can be together.
Lets make a movie
It'll be the greatest love story baby
(shoop be do ah, shoop be do ah)
Lets make a movie
Lets make the greatest love story baby
(shoop be do ah, shoop be do ah)
Lets make the greatest love story baby
