Cosmic Gate, London Rain

You're wearing...
Youre wearing this mask
But youre okay
You bury yourself when you say the truth
And finally you will
You hide behind a mellow smile
When the one is passing by
And turns away
What am I to do now?
When colors fade to grey
What am I to do now?
In this London rain
This London rain
I just hear your name
I'm screaming it into this London rain
I don't look back
I don't react no more
So dead and lame
On my way through this London rain
I don't look back
I don't react no more
[2x]
And still I'm waiting
For the one who is, who blames
Still hesitating
In this London rain
London rain
