Eiffel 65, Johnny Grey

<lyrics>
My name is Johnny Grey
It's just a name
And I know that
For you it's the same
The world I know
Seems not to know me
Here's my number
I need a call
I'm Johnny Grey

My name is Johnny Grey
It's just a name
For you it's the same
The world I know
Seems not to know me
Here's my number
I need a call
Excuse me, it's Johnny Grey
Not Tommy Day
My name's Johnny Grey
I can't remember
My phone number
All the calls I get are mistakes
And I holler and make no noise
As I said before
My name is Johnny Grey

My name is Johnny Grey
Won't you play with me?

My name is Johnny Grey
It's just a name
For you it's the same
The world I know
Seems not to know me
Here's my number
I need a call
Excuse me, it's Johnny Grey
Not Tommy Day
My name's Johnny Grey
I can't remember
My phone number
All the calls I get are mistakes
And I holler and make no noise
As I said before
My name is Johnny Grey

Johnny Grey

Excuse me
Yeah, my name is Johnny Grey
Yeah, of course it's just a name
But for you it's the same
You see the world I live in
Doesn't really seem to know me
Here's my number
Won't you give me call please?
My name is Johnny Grey

My name is Johnny Grey
It's just a name
For you it's the same
The world I know

Seems not to know me
Here's my number
I need a call
Excuse me, it's Johnny Grey
Not Tommy Day
My name's Johnny Grey
I can't remember
My phone number
All the calls I get are mistakes
And I holler and make no noise
As I said before
My name is Johnny Grey
