

# 16 Horsepower, Coal Black Horses (world)

just as sure as that suns gonna shine  
when he comes at his table i will dine  
just as sure as that dog's gonna whine  
in my heart no longer will i pine  
just as sure as by evil you are torn  
the sky will open up an' an angel blow his horn  
an' down come jesus lookin' so fine  
just as sure as that girl she is mine....

an' i say  
hey hey hey it's always forever  
hey hey hey it's never or now

i dug a hole an' hollowed it out  
yes an' i fell in  
oh lord i'm caught in the cord....  
the cord of my own sin  
shoot 'em up cowboy - yeah i got away  
but i been draggin' this chain the whole way.....

an i say  
hey hey hey it's always forever  
hey hey hey it's never or now

oh yea boys i know an' i am certain  
in your heart of heart ye all are hurtin'  
oh no no no not that name not to me  
it's much too hard to get down on my knees  
but just as sure as by evil you are torn  
the sky will open up an' an angel blow his horn  
an' down come jesus lookin' so fine  
just as sure as that girl she is mine.....  
i say.....
