Esham, The Jaw Bone

Yo baby wassup, how ya doin girl
Your the finest thing I ever seen in the whole world
See ya look so good like a cherry pie
I just had to speak because you caught my eye
You got the big plump booty with the lovely curves
Other niggaz scared to speak 'cause they aint got enough nerve
But I'm different and magnificent, the brotha they wanna be
And if you aint jockin now, well baby you gonna be
I'm somthin like a sex feind, kinda your we dream
Turn you inside out and make your pussy steam
I said pussy aint got no face and I meant every word of it
You betta go ask someone I'm sure that they've heard of it
Enough about me, what's your name
I kept runnin game and game and game and game and game
She said "The same old thing from the same old guys"(not me)
"Tellin lies to get between my thighs"
I said "baby what's up, but I'm different though"
She said "Yeah, I know, I've heard it befoe"
I said "Yeah I am, I'm tellin the truth, I'm tellin it like it is"
She said "Yeah you might but you might kiss and tell yo biz"
I said "look baby it aint like that 'cause all I want from you"
"Is the J-A-W-B-O-N-E"

(CHORUS)(x2)
The jawbone, yup, yeah the jawbone
Do me baaaby when we get alone
The jawbone, what, yeah the jawbone
Do me baaaby when we get alone

Well if ya aint doin it now
In the future you will do it
And when your dead and burried
Where ever you go you'll still do it
Suck my dick like a dick is supposed to be sucked
Open up wide, and let your tongue get f**ked
Suck my dick like a lolly pop
And when I bust a nut you still dont stop
You gotta slip, slip, slurp and slurp, slip, slip
Take a pause to spit and wipe the nut from your lip
You say you cant suck a dick, then you's a god damn lie
You dont need no instructions, and this is why
If you can lick your fingers after lickin the finger lickin chicken
You can lick my dick, so start lickin
It's like suckin yo thumb, same thang suck my bone
If you cant gimme no jawbone, then you can go home

(CHORUS)(x2)
The jawbone, yup, yeah the jawbone
Do me baaaby when we get alone
The jawbone, what, yeah the jawbone
Do me baaaby when we get alone

So baby what's up, what's it gon' be
You and me, the J-A-W the B-O-N-E
So what's the deal, I said I like the real feel
Although I got protection
I know your mouth wont give me no infection
(all this and that, that this might be true)
(but how do I know it's safe f**kin around wit you)
(you might gimme somthin, how do I know)
Well baby you can suck it with a condom on ho
I dont give a f**k how you suck it, just suck it
Open your mouth as I comense to f**k it
Baby what's up, just gimme a low blow to the head

Gimme jawbone untill your cheeks turn red
I'm almost through so what you gon' do
Put my bone in your mouth and say ohfoofoo
Oh I forgot it's not polite to talk with your mouth full
Suck in your face like a fish and let your cheeks pull
There she blow's on my Moby
Gotta dick whip the bitch like Toby
But I cant stay, I gotta be on my way
But I'll be back for jawbone another day

(CHORUS)(x2)
The jawbone, yup, yeah the jawbone
Do me baaaby when we get alone
The jawbone, what, yeah the jawbone
Do me baaaby when we get alone
