Appleton, Blow My Mind

You're a star in your hall of fame
Now I can't explain,
How you made your name
Now I know in my heart
It's not happening
Even though you were something,
You're not everything

Can you stand tall with your head
So high and your back against the wall
Cause I know that there's nothing wrong
With absolutely wrong with me

Everything you do or say is only to get
Your own way, i'll tell you how it's gonna be
I've gotta be, it's gonna be, it's gonna work for me

I see, a movie, your best scenes...did nothing to
Convince me
I pray the story, the ending, you've already told me
I wear the lies now, and somehow,
This reaches into my memory
And I'm sorry if this hurts your pride
But you really didn't blow my mind

Crashing in with your fancy schemes
Well if you want me, then it's in your dreams
And if you believe that it's happening,
You are missing something or anything

Now I, ain't shy, that you can't stand
Tall and your back is to the wall
Cause I know that there's something
Wrong with you, definately something wrong with you

There's nothing left to do or say, it's only
Getting in my way, i'll tell you how it's gonna be
It's gotta be, it's gonna be,
Everything that works for me (cause baby)

I see, the movies, your best scenes...
Did nothing to convince me
I pray the story, the ending,
You've already told me
I wear the lies now, and somehow,
This reaches into memory
And I'm sorry if this hurts your pride
But you really didn't blow my mind

I've seen the movie
I've read the story
Blow my mind, i've seen the movie
Ending's a cliche

I've seen the movies, the best scenes...
Did nothing to convince me
I pray the story, the ending,
You've already told me
I wear the lies now, and somehow,
This reaches in my memory
And I'm sorry if this hurts your pride
But you really didn't blow my mind
