As Fast As, This Time

You clutch, you gasp
You don't know what it was, but sure enough you're running for the door
You slip, it passed, it hurt so bad
Please leave me alone

This time I can feel the tiny little hairs on the back of my neck stand up
Wake up screaming in the night
And this time you came too close, but your number ain't up, stand up, stand up, stand up

Eyes up, relief
You don't know what it was but you don't have to worry anymore
So close, my God, so close to leaving, leaving me alone

This time I can feel the tiny little hairs on the back of my neck stand up
Wake up screaming in the night
And this time you came too close, but your number ain't up, stand up, stand up, stand up

No I can't face it alone
I'm so accident-prone
Who will bail me out?
No I'm not ready now
Keep it steady now
Don't you dare check out

This time I can feel the tiny little hairs on the back of my neck stand up
Wake up screaming in the night
And, this time you came too close, but your number ain't up, stand up, stand up, stand up
