Athenaeum, Mistake

Listening to teachers is bringing me down man
I thought they'd have much more to say
But on with my knowledge they sent me through college
I never had much of a say

But when I go
It's a big mistake
'Cause they can't teach me anything
I won't learn anyway

Listening to teachers won't turn me around
They fill me with things I won't use
When they have the power to turn us into
Whatever kind of people they choose

But when I go
It's a big mistake
'Cause they can't teach me anything
I won't learn anyway

It's a big mistake
