Erasure, Knocking On Your Door (12" Remix)

Send me cross the river
Take me cross the ocean
I just need to be somewhere
To sort out my emotions

You know it's up to you
You know exactly what to do
I can't take it anymore
I don't want to come back

Knocking on your door
Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back
Knocking on your door

Love to see me shiver
You'd like to see me break down
I've just got to hide my face
Won't see your satisfaction

You know it's down to you
You know this thing I'm going through
I can't take it anymore
I don't want to come back

Knocking on your door
Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back
Knocking on your door

You know it's up to you
You know exactly what to do
I can't take it anymore
I don't want to come back

Knocking on your door
Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back
Knocking on your door

Knocking on your door
Down there on the floor
Knocking on your door
Breaking every law
Knocking on your door

I can't take you
I can't take you

Knocking on your door
Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back

Knocking on your door

Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back
Knocking on your door

Down there on the floor
I don't want to come back
Knocking on your door
Breaking every law
I don't want to come back
Knocking on your door
