Aus Rotten, Denied

In a cry for freedom communist Europe's walls crumble
They are reconstructed in our backyards
We are denied
They deny it
In a cry for safety a girl runs to a cop
In a cry for safety she is ignored
We are denied
They deny it
These problems will persist if we keep this f**king system
They tell us to vote
But who for?
They're been promising changes for years
Does it ever happen?
Rarely
And when it does who benefits?
Not us
In a cry from hunger, a starving baby dies
In a cardboard shelter a starving baby dies
We are denied
They deny it
