Hard-FI, Tonight

Tonight, tonight I'm gonna take what's mine,
Tonight, tonight under a bright neon light
And if I ever find a way right out of here,
Tonight, tonight I'm gonna disappear.
Tonight, tonight oh sweetheart you and I,
Tonight, tonight we've got to feel alive,
Cause if we ever find a way right out of here,
Tonight, tonight we've gotta disappear.
But it ain't easy, no it ain't easy
Darling darling please
I ain't got long,
So I need you
To believe in me,
Tonight, tonight
I can't lose you,
So come with me
And we'll break free,
Tonight, tonight, we'll shine so bright
Tonight, tonight we've gotta make our move,
Tonight, tonight we ain't got nothing to lose.
Cause if we ever find a way right out of here,
Tonight, tonight we gotta disappear.
But it ain't easy, no it ain't easy
Darling darling please
I ain't got long,
So I need you
To believe in me,
Tonight, tonight
I can't lose you,
So come with me
And we'll break free,
Tonight, tonight, we'll burn so bright
Tonight, tonight out on that Great West Road
I'm scared like you but we can't let it show
Cause if we ever find a way right out of here
Tonight, tonight...
