# Extreme, God Isn't Dead?

Ah, look at all the lonely people
Losing faith
In a world full of despair
No one who cares
Wondering where God disappeared

I see the pain in everybody's faces
Asking why
The God up in the sky
Didn't say goodbye
Please tell me God didn't die

Please tell me God isn't dead
Please tell me God isn't dead

Please tell me God isn't
I want to know if he's
Please tell me God isn't
Tell me God isn't dead

I want to know
