Family Force 5, Face Down

I shut my eyes in search of sleep
Tossed and turned and hoped for dreams
Awakened by a voice that was so clear,
It felt so near to me

I want Your love I need Your touch
I've been missing You so much
I reach out for Your hand,
And now it feels like I am falling

Down, down, down
Till I kiss the ground, ground, ground

[CHORUS]:

Fall down with my face down
Giving up me, myself and I
It's a bittersweet taste to swallow my pride now

Face down is where I stay now
If You see me standing up again

Just knock me back down so I can live
Face down

[V.2]
I'm on my face again
It's where I should have been
It brings me back to where I found You,
Where I first fell for You

No more depending on myself
It's You and me and no one else
You stretch out Your hand
And now it feels like I am falling into

Love, love, love,
Can't get enough of love

Chorus

I got to live face down
