Frankenstein Drag Queens From Planet 13, Twis

Old Mac Donald had a farm
E. I. E. I. Oh My God
Thou shalt not take anymore shit
And I'll split my sister in her motherfucking lip

I grab her by her hair
And swing her in the air

Twist my, twist mt, twist my sister

Jimmy cracked corn and I don't give a fuck
I'll take a butcher knife and ram it in her fucking gut
I do a chicken dance over her dead body
This is gonna hurt you more than me

I grab her by her hair
And swing her in the air

Twist my, twist mt, twist my sister
