Gary Moore, One Fine Day

One of these days we`ll be together
One of these days we`ll be as one
Love and illumination
All across every nation

One fine day, we will walk in the sunshine
One fine day, we will reach to the stars

One of these days we`ll be together
One of these days we`ll be as one
Love and illumination
All across every nation

One fine day, we will walk in the sunshine
One fine day, we will reach to the stars

Even as we speak, time marches on
Even as we speak, the devil`s plan goes on

One fine day we`ll be together
One fine day we`ll be as one
One fine day
One fine day
