George Strait, Stay Out Of My Arms

Many times temptation grows so strong
And makes someone go blind to what is wrong.
We'll stop now while there's still the strength to see.
Turn your eyes and run away from me.

[Chorus:]
Stay out of my arms, take my advice.
It's easy to break the same heart twice.
Let's stop the hurt before it starts.
Don't follow me, stay out of my arms.

I'm sure you'll find someone to have and hold
And keep the promises that you were told.
I'd only lead you on and let you down,
And hurt you when good memories can't be found.

[Chorus 2x]

Don't follow me, stay out of my arms.
