Beck, Rental Car [John King Remix]

Hey now, girl, what's the matter with me?
We're on a back road, driving to sea
Straight as a razor, kicking up dust
Digging through ditches and falling to rust
Taking me far
Far as a rental car can go
Yeah yeah yeah, yeah yeah yeah
Yeah yeah yeah, yeah yeah yeah
La la la music
La la la music
Hey now, girl, at the end of the road
Down where the reaper is walking alone
Singing a death knell, clapping along
At the end of the night there's a road we'll be on
Taking me far
Far as a rental car can go
Yeah yeah yeah, yeah yeah yeah
Yeah yeah yeah, yeah yeah yeah
La la la music
La la la music
La la la music
La la la music
La la la music
La la la music
Straight as a razor, kicking up dust
Digging through ditches and falling to rust
Taking me far
Far as a rental car can go
Yeah yeah yeah, yeah yeah yeah
Yeah yeah yeah, yeah yeah yeah
Yeah yeah yeah, yeah yeah yeah
Yeah yeah yeah, yeah yeah yeah
