Great Big Sea, Somedays

somedays I feel sad and lonely
somedays I feel fine
somedays the clock just ticks too slowly
and I wish away my time

but when you come to me
I realize how wonderful this life can be
with you, you and me

somedays I get so psychotic
and somedays I am blue
somedays I sip my gin and tonic
and I wonder what the world will do

chorus
somedays I think I just fell from the sky
somedays I see a child and start to cry
but everyday I try

somedays I am virtuous
more days I am bad
somedays I just can't get enough
of the sweetest thing I've ever had

chorus
