Justin Bieber, Bad Day

No I didn't think you would let me down
That easy
Oh no girl
And I didn't think
It was over, until you walked away
Like it was nothing baby

And that moment was so hard for me to breathe
Yeah, because you took away the biggest part of me
Life was so unpredictable
Never thought a love like yours would leave me all alone
Oh no
Didn't waste any time, but you had already made up your mind
No sympathy cause I was out of line, oh yeah

But I didn't think you would let me down
That easy, yeah oh no girl
And I didn't think
It was over, until you walked away
Like it was nothing girl
It was a bad day
I knew I was wrong
But you could've said goodbye baby
It was a bad day
Now I'm like whoah
It was a bad day
It was a bad day
