Kalisia, Blinded Addict

[Stephanie & Keiji]:
"So how does it feel to see all your friends and relatives grow old and die around you?"
- "It's hard at first. But you learn to live with it, and detach yourself from others."
"Can you really learn such things?"
- "I thought so..."
"Immortality... I wouldn't like it."
- "Why not?"
"I'd rather die than live alone."

End of the twenty-second century. Breaking the oath of the Circle of Immortals, Keiki dcided to mee

[Keiji]:
"The pain from the past is left behind
I'll break free from these chains that hold me back

My lonely empty shell became plural
Flooded with your essence
I now truly feel immortal
Emptiness no longer fills my hollow existence
Now we are one

My heart is smiling, I'm in love
A spark in Nature's alchemy
She transcends stars and shines above
Oh, Stephanie"

For years, Stephanie and Keiji live together secretly, hiding from the world. But as the years were p

But their inequality before time wasn't going to be an issue anymore
Slowly, Stephanie was fading...
Disease was about to take her
A cell rebellion... cancer...

[Keiji]:
"No!

I can't let her die this way
There has to be another way

I am not ready for you to leave me now
Ecoute-moi
Je prendarai soin de toi"

[Stephanie]:
"I am dying
I'm feeling darkness all around me Keiji
Only you can save me with nanotechnology"
