Hatesphere, Reaper Of Life

A destined unseen brutal force
Around us every day
Determining when its time
For us to live or die
Hes all around us now
Awaiting his chance to strike
Understand his grand design
Into which we all fit
Understand that if youre fortunate
Hell visit all over again
There is no escape
He will claim his right
Hes all around us now
Awaiting his chance to strike
There is no escape
He will claim his right
In the end
No one escapes his plan
Today may very well be
Your time to shake his hand
Your life is at its end
He will put you in your grave
He is coming to take away your life
For eternity you shall pay
A destined unseen brutal force
Around us every day
Determining when its time
For us to live or die
There is no escape
He will claim his right
Hes all around us now
Awaiting his chance to strike
There is no escape
He will claim his right
