Bowling For Soup, Slurpee

Got my change,
Didn't get her name
And she'll always be

My convenience store dream girl
My convenience store dream girl

I was lookin for a dream
Gonna add to those days
So I went to the convenience store to buy one.
If you can tell I was truckin
I was in lo-oh-ove
Can't take my eyes off her cause she
She was mine and she was fine
But she didn't have the time
But it doesn't hurt to... her
She was up and cluckin
Didn't want me around
Took the change and then I left her

Got my change,
Didn't get her name
And she'll always be

My convenience store dream girl
My convenience store dream girl

I was lookin for a dream
Gonna add to those days
So I went to the convenience store to buy one.
If you can tell I was truckin,
And I was in lo-o-ove,
Can't take my eyes off her cause she

Got my change,
Didn't get her name
And she'll always be...

My convenience store dream girl
My convenience store dream girl

Got my change,

And she'll always be

My convenience store dream girl
My convenience sto-o-o-ore
