

22 Pistepirkko, Taxi 74

One more cup
And I'm ready to go
Ready to go, eleven hours and more
In my old forty four
Straight in the middle of the endless sleep
Yee I know
One more ride
In a mystery night

Life from the sisters
Hot reflection nights

Life from the sisters
Hot reflection nights

She's in the heart of an rush hour beat
Yee I know
One more show
With the radio on
Driving in driving out from the endless sleep
Yee I know
One more ride
In a mystery night
He is in the middle of becoming sad
Yee I know
In 74
Like breaking a soul

Life from the sisters
Hot reflection nights

Life from the sisters
Hot reflection nights

I'm in the mood of becoming blue
Yee I know
One more low
Well I just go on
