Braxtons, Only Love

Chorus:
I'm over you somehow
Only love knows how
I have the strength to move on again
The more you put me down
'Cause love knows how
It gave me the strength to move on

Verse 1:
Spent so many days wondering what's the chances
I never thought of you along
When all I really needed was answers
For the love that you gave to me
(The love you gave to me)
I was in need
Where we are where we're at
Boy I could not see
Every night (every night)
That I cry (that I cry)
I needed you here by my side
But now I'm over you

Chorus

Verse 2:
Had to use my mind
Couldn't use my heart
I didn't wanna see us apart
This vision is so clear to me
That we were not meant to be
(that we were not meant to be)
I couldn't see
The desire inside wouldn't let me be
Every night (every night)
That I cry (that I cry)
I needed you here by my side
But now I'm over you

Chorus

Bridge:
Life goes on until the new beginning (ooh ahh ahh)
Set me free from all of these feelings
Now I can see that love's no guarantee (ooh ahh ahh)
That's why I hold it all inside of me

Chorus

By-Chorus:
Only love knows how (knows how)
knows how
Only love knows how
Only love knows how (knows how)
knows how
