Luther Vandross, Make Me A Believer

MAKE ME A BELIEVER
Luther Vandross and Nat Adderley, Jr
(album:BUSY BODY - 1983)

Superman can fly high way up in the sky
'Cause we believe he can
So what we choose to believe can always work out fine
It's all in the mind
So think of a place and imagine a time
(Imagine a time, imagine a time)
And let's go be lovers

Believing me, Ooo wee baby
Is believing right, yeah yeah yeah
And ...

Chorus:
I wanna love, wanna have, wanna hold you girl (Girl)
So make me a believer
(Wanna love, wanna love, wanna love, wanna love, wanna love, wanna girl)
I wanna love, wanna have, wanna hold you girl (Girl)

Interlude:
Ooo so near
And forever keep you here
Forget all about whatever we fear (Whatever we fear)
And let's just be lovers
Loving and loving, oh love is the way
To make me stay, make me stay

Yeah, I know the way to persuade me over to your side
And I am sure you can
So if you get me to believe
It all will work out fine
'Cause you'll blow my mind
So let's pick a place and a day and a time (A place and a day and a time)
And then we'll be lovers
Loving and loving, oh love is the way
To make me stay, make me stay

Repeat Chorus and Fade
