

# 28 Days, Like I Do

You know i didn't wake up  
This morning, to waste another beautiful day  
Set up in the shade  
I'm getting paid anyway  
Might as well sit on the beach  
And fill myself full of brew  
2 8 D coming through  
Grab a fuckin slab or two

Hey now won't you let me go  
(Cause you know i can't say no)  
Take me to where the beer it flows  
(Where the beer flows)  
In amber waves, and it saves my sanity  
For today, for tomorrow, tomorrow

And i take it that you care for the summer like i do  
And i take it that you care  
And i take it that you care for the summer like i do  
And i take it that you care

Insanity time and again i find out  
I'm sittin round i'm stuck with  
Sunburn, beer cravings  
If one more, girl in a bikini  
Walks passed me it'll do my head in  
Cause its doin my head in  
(Head in)

You know i didn't wake up this morning  
To waste another beautiful day  
Setup in the shade  
I'm gettin paid anyway  
Might as well sit on the beach  
And fill myself full of brew  
2 8 D comin through  
Grab a fuckin slab or two

And i take it that you care for the summer like i do

One, two, three four, four five  
Come on come on come on bring it  
Put your hands together sing it  
And i take it that you care  
And i take it that you care  
Summer, ladies, drinkin bring it on  
Raise your bottle to the sun and just sing along  
And i take it that you care  
And i take it that you care  
Come on put your fuckin hands up for beer  
And all the things that we hold so dear  
Make some noise if your lovin ya beer  
Loud enough for the whole block to hear

And i take it that you care for the summer like i do  
And i take it that you care  
And i take it that you care  
And i take it that you care  
And i take it that you care

And i take it, and i take it  
And i take it that you care

Grab the beer i'll meet u their

And i take it that you care

And i take it, and i take it
