# Mike And The Mechanics, My Crime Of Passion

Words of warning took me by surprise
From a voice I hardly recognised
Well my heart was beating faster
And my blood ran hot and cold
I was heading for disaster
When suddenly I realised that I had lost control
Loaded questions played upon my mind
Allegations I could not deny
Well my mind was in confusion
Had my back against the wall
I'd been led into collusion
Before I realised I was a victim of it all
Chorus:
Here's to my crime of passion
I can't forget the look upon your face
And to your tender mercies
Goodbye to all the innocence we never can replace
All of Sunday sittin' by the telephone
Not a whisper, well I should have known
But it seems that I'd insisted
'Cause in spite of all you said
I believe my words were twisted
As line by line the promises were spinning round my head
(Chorus)
Waves of anger slowly do recede
To faded memories that I'll never need
But my mind keeps on returning to the way it used to be
There's a flame forever burning
There's nothing I can say to you will ever make you see
Here's to my crime of passion
I just can't seem to shake it off my mind
As for your tender mercy
I'll never stop regretting that I left it all behind
