

2nd Chapter Of Acts, Star Light Star Bright

When you see the stars
Shooting 'cross the sky
Do you make a wish
Before it leaves your eyes?
Starlight, starbright
Is it tonight
That I make my flight?

When you see the clouds
Shining bright and clear
Then you know the King
Of love is drawing near
Starlight, starbright
Is it tonight
That I make my flight?

Am I gonna fly away
Through the clouds today
See the One that I love
Face to face
'Cause I know that You
You know that I love You
More and more and more everyday

But this time, this'll be the last time
That you're gonna see Him
Coming in the clouds
'Cause the Cornerstone is coming
Come to build His house
Are you ready to go?
