Charli XCX, Girls Night Out

going out on the weekend
getting dressed with my girls
put on my favorite lip gloss
cheery Garcia swirl

Perfume pleasure
and platforms
living that kind of world
we’re gonna like it up tonight

so if you ‘re out with your girls
and if you feel on top of the world
whoe
out with your girls
o can’t wait to live it up tonight

it’s a Girls Night Out
let’s have a Girls Night Out

Girls Night Out
it’s a Girls Night Out
let’s have a Girls Night Out

Girls Night Out
no boys no boys
no boys no boys
no boys no boys
it’s a Girls Night Out

when we’re out at the Weekend
R.I.{ to the club
cause we walk in and kill it
DJ, hey, turn it up
Sing along like we wrote it
screaming out all the words
we’re gonna live it up tonight

o if you ‘re out with your girls
and if you feel on top of the world
whoe
out with your girls
o can’t wait to live it up tonight

no boys no boys
no boys no boys
no boys no boys
it’s a Girls Night Out
no boys no boys
no boys no boys
no boys no boys
it’s a Girls Night Out
