You and I babe

I never never gonna hurt you
I really leave you never
You and I babe

We really gonna make it girl for always and forever
Let me ask you now hug me hug me
Hug me hug me forever
Come on now and love me
Love me love me forever and a day
I ask you to hold me
Hold me hold me closer than ever
Come on now and hug me
Hug me hug me forever and a day
'Till death us part one rainy day
You and I babe stick together forever
