Olivia Newton-John, Landslide

(John Farrar)

Cold winds rarely blow
Here at the end of the rainbow
Guess it's hard to believe
I'd be willing to leave
Someone walked up behind me
Seemed to find me
I felt him standing there
I turned around and saw
The face of an angel
I fell, it wasn't fair
It just wasn't fair

He took my heart
It was a landslide
You know it was a landslide
My head was saying
This is the man
My heart agreed
Minor desires turn
To major needs
And needs won't be denied
It was a landslide

Somehow I'm thrilled by all he says
High on his campaign of promises
I don't wanna come down
I don't wanna come down
No promise he made me
Could persuade me
Like the loneliness that comes on
When I try to go on without him
Doubt him, I confess
I have to confess

He took my heart
It was a landslide
You know it was a landslide
My head was saying
This is the man
My heart agreed
Minor desires turn
To major needs
And needs won't be denied
It was a landslide

(I'm in heaven when he's around)
I'm in heaven
(In heaven when he's around)
Oh, this is heaven
(I'm hoping that he might be)
Hoping he might feel the same
I'm in heaven, heaven
It isn't hard to see

He took my heart
It was a landslide
You know it was a landslide
My head was saying
This is the man
My heart agreed
Minor desires turn
To major needs

And needs won't be denied
It was a landslide

Gonna tell everybody I see
He's the only body for me
Really was, really was

You know it was
It was a landslide
It really was a landslide
My head was saying
This is the man
My heart agreed
Minor desires turn
To major needs
And needs won't be denied
It was a landslide

It was a landslide
He took my heart
It was a landslide
Oh, it was a landslide
He took my heart
It was a landslide
It was a landslide
