Luscious Jackson, Down To Earth

(Berenyi)
Swallowed her down, she's inside me
She's struggling now, she can't break free
And my eyes are closed, my lips are sealed
She can't escape but I can feel
Kicks in me
Climbing my spine, she's inside me
Wants to escape, wants to breathe
And I wish I could tell you what she feels
And I wish I could hear when she speaks
In my sleep
In my dreams
