Madita, Got

Go on tour
So did I for so long
Saw the poor
So did I play much more
Lost my shoes
Meant to survive without tools
Blues comes through
And my heart started to brew

Gonna keep my guy
Gonna ...

Cold blue toes
Seem to guide rivers flow
Old man shows
How amused everything goes
Caught some news
Meant the right to break you
Abused my fool
So my heart starts to get rouge
