Man, Ain't Their Fight

Somebody's calling, somebody's calling my name
Somebody's calling, telling us we're insane
But they say it's gonna be alright
Man, it ain't their fight
They just take you
Don't make it right

Somebody's calling, taking us all to jail
Sombody's calling, now we're all out on bail
But they say it's gonna be alright
Man, it ain't their fight
They just take you
Don't make it right

Somebody's calling, we're all going home
Somebody's calling, we fall down stoned
If they said it's gonna be alright
Man, it ain't their fight
They just take you
Don't make it right
