Planet Shakers, Worship The King

Walking down the road called life
Thinking how my world has changed
Since i met the saving grace
of the man they called Jesus Christ

* He's not just an ordinary guy
He is supernatural in all ways
He's not just in my imagination
He is real in everyway

I will stand in awe (2X)

Worship the King of Glory
Open up the doors, lift up the gates
The King of Glory, may He enter in
May His power fall, may His glory fill
All the earth

People come and people go,
Something's in and then it's out
One thing that remains the same
Is the Love I've found Jesus Christ

Repeat *
