Courtney Love, Hit So Hard

Put me up above the boy
The one I love I should destroy
My sweet tooth has burned a hole
Forget about it all

He hit so hard
I saw stars
He hit so hard
I saw god

He's so cold give him a candycoat
He can't swim but he can float
One by one they all fall down
I look at him and drown

Hit so hard
I saw stars

He hit so hard
I saw god

He's so candy my downfall
Melts in my mouth 'til he's nothing at all
This keeps me, I can't sleep
He rages to be true

Hit so hard
I saw stars
He hit so hard
I saw god

Oh, man, he hit so hard
I saw stars
He hit so hard
I saw god
