Melanie Thornton, Love How You Love Me

Verse 1
What am I gonna do
What am I gonna say
Laying in the afterglow
You took my breath away
I can't believe it
I dream of you

How could I ever hope
How could I ever pray
Looking to the stars above
Now that we have found a way
I can't believe it

Chorus
I love - how you love me
Forever and a day
You can trust me
Just believe
I love how you love me

I love - how you love me
No matter what will be
You can trust me
Eternally
I love how you love me
When you love me

Verse 2
I remember all my life
Waiting for someone like you
Searching for a paradise
Everything I found in you
I can't believe it
I dream of you

I can see it clearly now
You're the one to guide my way
Take away the falling rain
Now there is a brighter day
I can't believe it

Chorus
