Quincy Punx, Downtown

Baby since you went away,
Things they haven't gone my way
My dog just died and my car did too,
I just got fired and the rent is due.
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what I'll do
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what i'll do
You put my stuff out on the lawn
My records melted in the sun
You broke my heart and you broke my nose.
You killed my cat and you burnt my clothes
So I'll go downtown and I'll buy me a gun
Walk around and have some fun
Smokin' crack and crackin' jokes
Shootin' junk and shootin' folks
You lost my money at the track
Found out you gave me the clap
Your daddy's gonna litigate
Cuz you're sixteen and I'm twenty-eight
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what I'll do
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what i'll do
You drank my beer and did my drugs,
Infested my whole house with bugs
You gave my leather to another guy
I've got a gun and now you're gonna die
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what I'll do
You broke my heart so now I have to kill you,
I'll go downtown, and buy a gun, and that's what i'll do
