Randy Newman, Life Has Been Good To Me

MARTHA:
Life has been good to me
Got very few complaints so far
Life has been good to me
Hope you're as happy wherever you are

I got the blue sky, every mornin'
Big yellow moon at night
I always do whatever I want to
And everything I do, it always turns out right

Hey, hey
Hey, hey
Hey, hey
Hey, hey

Life has been good to me
Man, I would not change a thing
Life has been good to me
Can't wait to see what tomorrow will bring

In every life a little rain must surely fall
I'm here to say that there's a rainbow
Just around every corner

Life has been good to me
Well, I admit I've have a ball
Life has been good to me
I never worry 'bout nothin' at all

I've got some good friends, they adore me
Know how to treat me right
I got a good man waitin' for me
I've won every fight I've been in,
And it always turned out that I was right

Hey, hey
Hey, hey
Hey, hey

Life has been good to me
Life has been good to me
