Dada, All American

Hey, mama
Hey, yeah, yeah

Hey mama, don't look now
I found my place so you could be proud
There's a place for me in the
All-American Suicide

A chance to be all I can be
A chance to catch a bullet between my teeth
Theres a place for me in the
All-American Suicide

And there's no time like the future
When the present seems past tense
I got a .38 Special and an MBA
I'll use it in my self-defense
Yeah, yeah

Yeah, there's a place for me in the
All-American Suicide

(solo)

Oh, there's a place for me in the
All-American Suicide

And there's no time like the future
When the present seems past tense
I got a .38 Special and an MBA
I'll use it in my self-defense, oh

Ooh yeah

I got a pair of pants that fit me well
With a Rolling Stones patch that means "go to hell"

There's a place for me in the
All-American Suicide
There's a place for me in the
All-American Suicide
All-American Suicide

All-American Suicide
(There's a place for me in the All-American)
Yeah, there's a place for me in the
(There's a place for me)
All-American, there's a place for me in
(There's a place for All-American)
All-American

There's a place for me
There's a place for me
Oh well, there's a place for me
Oh, there's a place for me
Oh, oh no

(solo)

Na, na, na, na, na, na, no
Na, na, na, na, na, na, no
Na, na, na, na, na, na, no
Na, na, na, na, na, na, no
Na, na, na, na, na, no, no

Na, na, na, na, na, no, no
Na, na, na, na, na, no, no
Na, na, na, na, na, no, no
